TPL Strengthens Social Commitment through Support for Village Health Posts and MSMEs in Toba Regency

PT Toba Pulp Lestari, Tbk (TPL) reaffirms its commitment to supporting community development in its operational areas. In a meaningful event held in Tangga Batu II Village, Parmaksian District, Toba Regency, the company provided assistance for the renovation of the Village Health Post (Poskesdes), as part of its efforts to improve healthcare facilities for the local community.

The support was symbolically handed over by Rikky Hutabarat, TPL's Public Relations Officer, accompanied by Hema Butar-butar, TPL's CD/CSR Officer, to the Head of Tangga Batu II Village, Herryanto Butar-butar. The ceremony was also attended by the Head of Parmaksian District, Ronald Sirait, in a warm atmosphere of unity and collaboration.

In his speech, Rikky Hutabarat expressed hope that this support would strengthen community healthcare services and serve as the beginning of a sustainable collaboration between the company and the village residents. "We believe that this collaboration will create a tangible positive impact on the community, particularly in healthcare services," said Rikky.

The Head of Parmaksian District, Ronald Sirait, along with the Head of Tangga Batu II Village, Herryanto Butar-butar, expressed their deep appreciation for TPL's concern for the village community. "We are very grateful for TPL's support of this health post. Hopefully, this will motivate all parties to continue working together in developing the village," said Ronald, echoed by Herryanto.

Beyond healthcare services, the event also served as a moment to empower the local economy. TPL provided bottles and packaging stickers for the dishwashing soap product "OnAn Clean," an MSME innovation initiated by the women's community group (PKK) of Tangga Batu II Village, led by Tety

Situmorang. OnAn Clean is one of TPL's fostered MSMEs that has shown great potential in increasing household incomes in the village.

"MSME products like OnAn Clean are proof that with the right support, communities can produce high-quality innovations. We are proud to play a role in supporting local business growth," added Hema Butar-butar.

This initiative is not only a demonstration of the company's commitment to social responsibility but also a symbol of the harmonious collaboration between the company, government, and community in creating sustainable positive change. TPL remains committed to making a real contribution to the communities surrounding its operational areas.
